

# Hands On, Live Patient Demo Laser Training Course

*USA TODAY survey "Since 1999, 80 % of plastic surgery's boom has been non-invasive". The public is demanding this trend in dentistry too.*

## BE THE FUTURE OF DENTISTRY .....TODAY!

### The Ultimate Laser Training Program for the Restorative Team

- Beginning and Advanced Laser Training Learn the essential concepts about lasers and their dramatic impact on all areas of dentistry: cosmetic, restorative, pediatric, as well as periodontal and surgical.
- Perform and Watch the Latest Diagnostic and Restorative Procedures What are the step-by-step minimally invasive procedures for diagnosing and treating a patient with a laser? Learn the ins and outs, the how's and why's, and obtain a comprehensive knowledge of how lasers fit into the treatment of every patient. See these techniques as they're performed with the power of a microscope –real time teaming!
- Create Memorable Smiles - Quicker and More Comfortably The "closed flap technique" is revolutionizing smile enhancement just the way plastic surgeons are treating faces minimally invasively. Take control of your patients' smile design by mastering several key cosmetic and restorative principles. Give your patients the smiles they have wanted with this conservative common sense approach,
- Master The Economics of Owning a Laser What are some simple and repeatable techniques to get the biggest ROI? How do bill your insurance program? Should you charge more? How to become the "name brand" for laser dentistry in your town? These many other EAQ's will be answered comprehensively.
- Get Certified! Earn Your Associate Fellowship Certification The World Clinical Laser Institute, the largest organization in the world, has accredited this training program.

We are a **BIOLASE** approved Advanced Training Course - AGD Credits 16 hours
